The screenshot shows the CDSL portal navigation bar with the 'Upload' menu highlighted. Below the navigation bar, the 'Upload File' section is visible. It includes a dropdown menu for 'Alert Type' with the text 'Please select', a file selection area with a 'Choose File' button and the text 'No file chosen', and two buttons: 'Upload' and 'Clear'.

Step 3 – Select the applicable alert type from the drop-down list.

The screenshot shows the 'Alert Type' dropdown menu expanded, displaying a list of alert types. The list includes: 'Please select', 'GROUP_OFF_TXN_ALERT', 'OFFMKT_REVERSAL_FULL', 'TOP_DTLS', 'Off-market transfers based on reason codes-Top Ten ReasonCode Based on Count', 'Off-market transfers based on reason codes-Top Ten ReasonCode Based on Valuation', 'Off-market transfers based on reason codes-High Value Txn Report', 'High value transactions executed after Demographic changes in the account - OffMarket Txn Report', 'High value transactions executed after Demographic changes in the account', 'Off-market transfers in ISINs suspended for trading', 'OFFTXN_DEM_CHNG_ALERT', 'OFFMKT_GSM_ASM_ALERT', 'High value invocation report', 'High value pledge report', 'Offmarket lockin Summary report', 'Offmarket lockin Detail report', '7 Days reversal off-market transfer between 2 entities', 'IPO Analysis', 'CR_2196-Account being closed within a short period', and 'CR_2195-Significant off-mkt transfers in scrip circulation of unsolicited SMS'.

Step – 4 Select the upload file option and upload the file.

- i. DP may either download alert file from download menu where in details of alert will be available or through enquiry for alert with status “Pending” can be extracted to prepare upload file.
- ii. File will be uploaded with following format.
Record ID~REMARKS~
(Note :- 1. DP should ensure header is removed while uploading the file)
2. DP have to add mandatory “tilde” (~) at the end of remark.
3. DP should ensure that remark should be entered in single line for a record.
- iii. File will be uploaded with the following naming convention.
SURV_<DPID_DDMMYYYY>_<SERIAL NO>.TXT
- iv. Please note that the file with the same name cannot be uploaded multiple times.
- v. DP should ensure that maximum file size should not be greater than 10 MB.
- vi. DP should ensure that maximum number of records in one file should be less than 50000 records.
- vii. DP should ensure that character in remark field shall not exceed 2000 Characters.
